

Minutes of Annual Water Users Meeting
West Fork of Beaver Creek Distribution System
March 22, 1972
School Building, Lonetree, Wyoming

The meeting was called to order by Donald Norseth, Utah State Engineer's Office at 4:30 p.m. There were no written minutes of the last annual meeting; therefore, it was necessary for Mr. Norseth and the members present to try to remember what business was transacted the year before.

The commissioner, Mr. Willard Stringer had not done any work on the distribution system the year before so there were no expenses incurred. There being no expenditures, the bank balance was \$276.69 as of January 1, 1971. There was an expenditure of \$5.00 for one-half of the cost of the commissioner's bond of \$10.00 leaving a bank balance on December 31, 1971, of \$271.69. There were no assessments made for 1971.

Mr. LaRay Sadlier gave a report on what duties he performed on West Fork of Beaver Creek at the meeting held at the McKinnon Schoolhouse. Mr. Norseth outlined for the West Fork of Beaver Creek users what work was performed by Mr. Sadlier, and they agreed. Everyone concerned on West Fork reported favorably on Mr. Sadlier's work. Motion was made by Mr. Buckley and seconded by Mrs. O'Neil that Mr. Sadlier be recommended for reappointment as the commissioner on West Fork of Beaver Creek. Motion carried.

Motion was made by Darrell Ayre that the budget be set at \$275.00, the same as in 1969, and that the assessments be made to cover the same. Motion seconded by Mr. Buckley. Motion carried.

Mr. Norseth pointed out that Wyoming also shared in the costs of water administration in the area.

Mr. Norseth stated that Mr. Sadlier would be appointed as the commissioner for the 1972 season.

Meeting adjourned at 5:30 p.m.

John Bene, Acting Secretary

Members present:

Robert Guy, Area Engineer from Utah
Donald Norseth, Utah Distribution Engineer
John Bene, Utah Deputy State Engineer
Mr. Buckley
Mrs. O'Neil
Mr. O'Neil
